

## Tariff Recovery Charge Increase

10/2/2024

**Dear Valued Avnet Customer,**

Avnet is notifying you of tariff recovery fees being increased on certain electronic components as noted by the United States Trade Representative (USTR) on China Tariffs (Section 301) effective January 1, 2025.

You are being notified of this increase because your company currently has parts on order with Avnet or has bought product in the last 12 months that will be affected by these changes if these parts ship to you on or after January 1, 2025. Your Avnet team appreciates the opportunity to work with your company and strives to provide transparency to provide information and options for your company to pass along tariff recovery charges to your respective customers, as applicable, as well as work with our team to potentially provide you with product prior to the January increases.

Thank you for your continued trust in Avnet! Your Avnet representative will contact you to further discuss plans and next steps.

Sincerely,

**Dayna Badhorn**

President
